QUEEN AND EAGLE STREETS, BRISBANE

THE POCKET BRISBANE

INTRODUCTION.

BRISBANE, the capital of the State of Queensland, and the seat of government, is picturesquely situated on the banks of the beautiful and noble river of the same name. Interest and beauty are added to the city by the large number of charming suburbs, beauty spots, delightful watering-places, and health resorts which surround it. Brisbane has reason to be proud of its many imposing public and mercantile buildings in the city proper, while the residential villas in the suburbs possess architectural beauty of no mean order. Regarded from an industrial and commercial standpoint, the metropolis is the centre of much progress and prosperity, and the expansion made in these directions of recent years has been marvellous. There is a remarkable buoyancy in every walk of commercial and industrial life, work is plentiful, the highest wages are paid, and all sections of the community are happy and contented. That Brisbane is destined to figure prominently in the shipping world in the near future is exemplified by the extensive wharfage accommodation that has been, and is being, provided for the berthage of oversea boats. When the Hamilton Basin project is given effect to, Brisbane will be in a position to lay claim to having an almost unbroken stretch of wharves from Pinkenba to Victoria Bridge.

The capital is less than 20 miles from the mouth of the river, the entrance thereto being indicated by the Pile Light, 93 ft. high, which can be seen by mariners a considerable distance away when lighted at night.

The Pile Light shows the tidal signals by day and night. On the northern point of Moreton Island there is the Cape Moreton Lighthouse, 75 ft. high, which has also a very fine revolving light.

The length of the Brisbane River, from its source to its entry into Moreton Bay, is 210 miles. Consequent upon the depth of the river being 30 ft. at high tide, vessels drawing up to 28 ft. can berth at several of the city wharves with the utmost safety. The gross tonnage of the largest vessel (s.s. Euripides) which has berthed at the city wharves to date is 15,050, whilst the

CUSTOM HOUSE AND CITY REACH, BRISBANE RIVER.

greatest draught of any vessel was about 28 ft. Oversea boats of from 12,000 to 18,000 tonnage regularly berth at the New Farm, Bulimba, and Pinkenba wharves.

The calm state of the water in the river and bay renders it safe at all periods of the year for boating excursions; consequently, at regular intervals during each week small steamers, motor launches, sailing boats, &c., make trips up and down the river, and also across Moreton Bay, to the many seaside and pleasure resorts. The week-end excursions, in particular, are largely availed of by a large section of the metropolitans.

During the year 1917-18 the value of the overseas imports received into or transhipped to the port of Brisbane totalled £3,703,932, while the overseas exports aggregated £7,845,246, making a grand total of £11,549,178. The value of the overseas

trade for the whole State for the same period was:—Imports, £4,492,746; exports, £10,960,411; total, £15,453,157.

On both sides of Queen, George, Edward, Wickham, and Brunswick streets the substantially built premises of the various financial, commercial, mercantile, and industrial establishments arrest the observation of the visitor, and the wood-paved streets and well-arranged tram system and other forms of speedy locomotion demonstrate that the metropolis of Queensland is decidedly modern in every respect. In passing, it may be mentioned that an extra line of tramway has been laid down Adelaide street, along which all trams from the western suburbs run. Nature has bestowed scenic glories upon Southern Queensland in a most lavish manner, and the beauties of the Brisbane River, from its watershed to its entry into Moreton Bay, excite the admiration of all visitors. Surrounded by such fertile tracts of agricultural and grazing country as the far-famed Darling Downs, and the Moreton, Logan, Wide Bay, and Burnett districts, Brisbane is the entrepôt for the wealth of products yielded by these fruitful areas. As a matter of fact, the metropolis is the market-place for everything that is raised throughout the extraordinarily productive State of Queensland. The many hills in and around the city are dotted with villas and comfortable cottages, while the ranges of mountains in the background are thickly carpeted with verdure and studded with dense forest, relieved here and there with the homes of those who prefer to be away from the “madding crowd’s ignoble strife.” At the foot, and, in some cases, up the slopes of these mountains, are to be seen farms, on which different kinds of crops are successfully raised annually. From many of these eminences the visitor is enabled to obtain an exceedingly fine panoramic view of the city, the serpentine course of the Brisbane River, and the cerulean waters of Moreton Bay, dotted with islands, in the distance. Here, too, another atmosphere is breathed—an atmosphere refreshing and exhilarating, and one calculated to bring the bloom of health to the cheeks of the invalid.

Brisbane is the starting point for all the trains to the Far South-western districts, North Coast and Central districts, and the Southern districts on the New South Wales border at Wallangarra and Tweed Heads. When the Great Western and Great North Coast railway schemes are consummated, through communication will be opened up with Camooweal in the Far North-West and Cairns in the Far North.

In 1859 the population only numbered about 5,000; at the end of December, 1917, it was 173,504, within a 10-mile radius. The estimated population of the whole State of Queensland is 669,467. (These figures are subject to revision.)

The salubrity of the climate is emphasised by the lowness of the death-rate and satisfactory condition of the birth-rate. The former in 1917 was only 11.47 per 1,000 inhabitants, and the latter 32.24 per 1,000. The mean summer temperature is 76.7, and the mean winter temperature 59.4.

QUEEN STREET, LOOKING TOWARDS SOUTH BRISBANE.

PLACES OF INTEREST.

In the heart of the city there are two very imposing Cathedrals—Anglican and Roman Catholic. All the other religious denominations have fine churches, the Baptist Tabernacle, Wickham terrace; St. Andrew's Presbyterian Church, Creek and Ann streets; and St. Paul's Presbyterian Church, Leichhardt street, being particularly prominent.

Other buildings which attract notice are:—The Treasury Buildings, Executive Buildings, State Government Savings Bank (in course of construction), Parliament House, Queensland University, Central Technical College Buildings, General Post Office, Public Library, Museum, Exhibition Hall, Supreme Court, Central Railway Station Buildings, South Brisbane Town Hall, Customs House, the Hospitals, Colleges, &c.

The Botanic Gardens, comprising 42 acres, and situate on the right bank of the Brisbane River, is admirably laid out with innumerable flower beds, and there is at all times a wealth of colour and fragrance, which are charming to the eye and pleasing to the olfactory organ. The beauty of the scene is added to by avenues of palms and other sub-tropical umbrageous foliage. The walks are well designed, the lawns trim and verdant, and the numerous arbours, which are covered with a profusion of beautiful flowering creepers, roses, &c., provide cool resting places for tired individuals. There is also abundant seating accommodation to be found in all parts of the Gardens, those along the river terrace being much availed of. In the bush-houses and ferneries there are fine collections of sub-tropical and tropical plants, the orchids being especially fine. Many kinds of Queensland birds are to be seen in the aviaries, and in the miniature "zoo" there are emus, cassowaries, kangaroos, wallabies, and a Japanese deer. This menagerie forms the nucleus of a zoo, which it is hoped will assume more extensive proportions in the near future. In several ponds are to be seen black swans and several kinds of ducks and other water fowl. The Botanic Museum occupies a position on the high ground, and also a very attractive kiosk, where light refreshments, lunches, &c., can be obtained daily at city prices. In another portion of the Gardens there is a band rotunda, where recitals are given every Sunday afternoon, and occasionally on Sunday evenings and week nights, by one of the many metropolitan brass bands for the edification of the citizens. The Gardens are open to the public daily from 6 a.m. until 6 p.m. ordinarily, but from August until May they are also open at night until 10 o'clock, and when the hundred and one electric arc lights shed forth their rays the scene is one of dazzling splendour. There are three entrances to the Gardens from the city—by George, Albert, and Edward streets. Crowds of people visit the Gardens daily, and at holiday times they are the popular resort of picnickers.

On the Kedron Park tram line there is Bowen Park (formerly the Acclimatisation Gardens), with an area of 9 acres.

Contiguous to this are the show grounds of the National Industrial and Agricultural Association of Queensland. The annual show, which is regarded as the "shop window of

VIEWS IN THE BRISBANE BOTANIC GARDENS.

Queensland," extends over the whole of the second week in August. For show purposes, this park compares favourably with anything of its kind in the Commonwealth, and every portion of the 34 acres comprised therein, including that portion known as Petty's Paddock (opposite), is used to the best advantage.

EXECUTIVE BUILDINGS, GEORGE AND WILLIAM STREETS.

There are three grandstands, including an *al fresco* one for smokers, a commodious exhibition hall, smart-looking official quarters, and ample and comfortable stalls for all stock exhibits. Frequently during the year the Park is used for outdoor gatherings, sports, football, cricket matches, &c., the ring and the green sward lending themselves admirably for such purposes. Cost of improvements to date, £58,391.

On the Bowen Bridge road end of Bowen Park there is the Museum, filled with a very interesting collection of exhibits. This fine structure was originally used as an Exhibition Building, but was taken over by the State Government some years ago, and converted into a Museum. Its erection entailed an expenditure of £20,400.

In proximity to the Museum is Victoria Park, which covers an area of 210 acres.

Other breathing-spaces for the citizens in the city proper include:—Alexandra Park, Gregory terrace; Wickham Park, Wickham terrace; Albert Park and Gardens, with band rotunda, Albert street (near Roma street Railway Station); Lang Park, off Caxton street; Ithaca Children's Playground (Caroline street off Caxton street), Paddington; Petrie terrace Park, on the Red Hill and Kelvin Grove tram routes; Bowen Bridge Sports Ground, on Kedron Park tramline; New Farm Park and Gardens, Merthyr road; Perry Park, Folkestone street, Breakfast Creek, Brisbane; Newstead Park, Breakfast Creek; Raymond Park, Kangaroo Point; and several others.

On the South side of the river there are:—

Musgrave Park and Gardens, its area being over 23 acres. Portion of the Park is reserved for the playing of cricket, football, tennis, and croquet. At intervals band recitals are given on Sunday afternoons and on week nights in the rotunda.

Brisbane Cricket Grounds, at Woolloongabba, with grandstand, smokers' pavilion, turf wickets made of Bulli and Merri Creek soils, and one of the best asphalted dish cycling tracks in the Commonwealth. The area of the ground is over 12 acres.

Dutton Park, embracing an area of nearly 28 acres, is on the Gladstone road tram route, and overlooks the Brisbane River. This Park is one of the most attractive spots in the metropolis.

Davies Park, on Montague road, extends over 16 acres, and is chiefly used for recreation purposes. Football and cricket matches are played here during the season, and are watched by the sport-loving public in fairly large numbers. Band recitals are given regularly every Sunday evening in the rotunda.

Mowbray Park, on the East Brisbane tram route, consists of over 12 acres. Here there are bowling rinks, tennis courts, and croquet greens, a bush-house, band rotunda (in which one of the local bands plays regularly). Flower beds have been laid out, and these, together with the avenue of trees, the verdant grassy lawns, and the charming effect lent to the scene by the Brisbane River in the background, make this Park an ideal spot for pleasure-seekers.

A short distance away is Norman Park, and on Highgate Hill (off Gladstone road) there is Highgate Hill Park; Yeronga Park, Ipswich road; also several others.

Local Governing Bodies.

There are two City Councils in the capital—Brisbane and South Brisbane—each of which is vested with governing powers under the provisions of the Local Authorities Act. In addition to these, there are, within the metropolitan area, six town or borough councils (each with its own mayor), and eleven shire councils.

PANORAMAS OF BRISBANE AND ENVIRONS.**Half-Day Trips.**

1. The Observatory, Wickham terrace, five minutes' walk from Edward street corner (or take Gregory terrace tram from Edward street corner). The Observatory was built in 1829. Cost of tram, 1d. each way.

2. Bowen terrace, about five minutes' walk from Petrie's Bight, round the Convent Hill. From the tower of All Hallows' Convent a capital view can be obtained of the city and surrounding country. The highest elevation of the terrace (110 ft.) is at the flagstaff near the corner of Harcourt street. All the trams running through Queen and Adelaide streets pass close to this spot. Cost by tram, 2d. each way.

3. Paddington Tram Terminus (three sections from corner of George and Adelaide streets, opposite Railway Offices). At this spot there are fully half a dozen commanding positions, and the tourist is enabled to get exceptionally fine views of the city, while Moreton Bay can be seen in the distance. Highest elevation, Clinton Hill (270 ft.). Cost by tram, 3d. each way.

4. Highgate Hill, 200 ft. (two section by Dutton Park tram from Queen street). The view obtained from the Reservoir Reserve is a very fine one. Cost by tram, 2d. each way.

5. Toowong Tram Terminus, 170 ft. (four sections from corner of George and Adelaide streets, opposite Railway Offices). On arrival at the terminus the tourist must ascend the steps on the right-hand side of Woodstock road, and then from the hill a grand bird's-eye view of the city is brought under his or her observation. Cost by tram, 3d. each way.

6. Galloway's Hill, 140 ft. (take East Brisbane tram from Queen street to the terminus, 3d.). Then a ten minutes' walk to the summit of the hill, from which a grand view is obtained. The return journey to the city can be made via the Brunswick-street ferry from the Norman Park side (1d.), and then, after a short walk, take the New Farm tram (2d.) into Queen street. The total cost of this trip is 6d.; or by return East Brisbane tram, 3d. each way.

7. Eildon Hill, 260 ft. (take Enoggera train to Wilston—6d. first class Return—or take Kedron Park tram from corner of George and Adelaide streets, opposite Railway Offices) to Constitution road. Then a fifteen minutes' walk, and on reaching

the crest of the hill the visitor gazes upon one of the finest panoramas imaginable. Cost by tram, 3d. each way.

8. Hamilton Hill, 200 ft. Take Ascot tram from Intelligence and Tourist Bureau corner to Toorak road, then walk for a short distance up this road to the highest point of the hill. From the four points of the compass a very charming view is unfolded. Cost by tram, 3d. each way.

9. Teneriffe, 140 ft. Take New Farm tram from Intelligence and Tourist Bureau corner to terminus. A few minutes' walk takes the sightseer to this elevated coign of vantage. Cost by tram, 2d. each way.

10. Albion Heights, 200 ft. Take Clayfield tram from Intelligence and Tourist Bureau corner to Whytecliffe street, Albion, and

VIEW FROM DUTTON PARK, SOUTH BRISBANE.

then a short walk to the highest point of New Sandgate road. The view obtained from here is remarkably picturesque. Cost by tram, 3d. each way.

11. Bartley's Hill, 260 ft. Take Clayfield tram from Intelligence and Tourist Bureau corner to Butler street, then five minutes' walk. The scenic picture depicted from the Reservoir Reserve is unrivalled. Cost by tram, 3d. each way.

12. Ipswich road, Annerley, 170 ft. Take Ipswich road tram from Intelligence and Tourist Bureau corner to terminus. From the high ground here a charming survey of the Main Range and the noble Brisbane River is presented to the onlooker. Cost by tram, 3d. each way.

13. From the towers of the Town Hall (South Brisbane), Parliament House (George street), Telegraph Chambers (Queen street), and Executive Buildings (George street), splendid panoramic pictures can be obtained.

14. One Tree Hill (Mount Coot-tha), 746 ft., 4 miles by tram, motor-car, or taxi-cab. Take the Toowong car from corner of George and Adelaide streets, opposite Railway Offices, to the corner of Wool and Dean streets, then about half an hour's easy walk to the top of the hill. This is the best observation spot in the metropolitan area. By means of a well-made road, tourists are enabled to ascend Constitution Hill (844 ft.) with ease. From Mirror Point a charming view of the Enoggera Reservoir and the hills surrounding Brookfield and Moggill is obtained. At this elevation there is a second shelter-shed. On the western horizon the rugged beauty of the stretch of mountain scenery, from Tambourine Mountain to Mount Mitchell and Cunningham's Gap, can be seen without the aid of glasses. Light refreshments of all kinds can be obtained at the kiosk at all hours of the day. Cost by tram, 3d. each way. (See also special folder on "Mount Coot-tha" issued by this Bureau.)

15. White's Hill (369 ft.) is about 6 miles from Brisbane, and the quickest means of reaching it is by taxi-cab or motor-car. Tourists can also get a tram-car at the Intelligence and Tourist Bureau corner as far as Greenslopes, and then there is about three-quarters of an hour's walk to this favourite observation spot. Cost by tram, 3d. each way. Special arrangements can be made with the proprietors of the cabs or cars for the conveyance of parties to this popular lookout place. Many attractions are provided for visitors. Refreshments are obtainable at all hours.

Round Trips by Tram (Half-Day).

1. Take Greenslopes tram from the Intelligence and Tourist Bureau to terminus (3d.); return by same tram to the Fiveways, Woolloongabba (2d.); take the East Brisbane tram to that terminus (1d.); walk about fifty yards further on to ferry, which will take you to the opposite bank of the river (1d.); from here a walk of about five minutes straight up the road will bring you to the New Farm tram, by which return to City (2d.). Total cost of trip, 9d. Time occupied on trip about 1½ hours.

2. Take Ascot tram from Intelligence and Tourist Bureau to terminus (3d.); return by same tram to Breakfast Creek (2d.); take Clayfield tram on to that terminus (2d.); from here take

your ticket right through to Gladstone road (or Dutton Park) terminus (6d.). On the return journey get out at the Reservoir, Highgate Hill (1d.); turn to the left to the Highgate Hill Park (from which a magnificent panoramic view is obtainable), thence a walk of about ten minutes along Dornoch terrace (bearing to

OBSERVATORY, WICKHAM TERRACE.

your left) will bring you to the West End terminus, from which return to city (2d.). Total cost of trip, 1s. 4d. Time occupied on trip about $2\frac{1}{2}$ hours.

3. Take Red Hill tram from corner of George and Adelaide streets, opposite Railway Offices, to terminus (3d.); follow the tramline on till you come to its junction with the Paddington line (only a few minutes' walk); from here take the latter tram

on to the Paddington terminus (1d.); returning to the city by the same tram (3d.). Total cost of trip, 7d. Time occupied on trip, about 1½ hours.

4. Take Kedron Park tram from corner of George and Adelaide streets, opposite Railway Offices, to terminus (3d.); on the return journey get out at O'Connell terrace (3d.) and inspect Bowen Park (formerly Acclimatisation Society's Gardens), after which a walk of five minutes (towards the city) will bring you to the Queensland Museum (well worthy of a visit); from here take Red Hill tram to the city (3d.). Total cost of trip, 9d. Time occupied, about 2¼ hours.

5. Take Gregory terrace tram from the corner of Edward street (near Courier Building) to the terminus; walk through Albert Park towards city; upon leaving this Park keep on the upper side of the Wickham Park opposite, and two minutes' walk along Wickham terrace will bring you to the Observatory (from the top of which, upon application, excepting on Sundays and holidays), a lovely panorama of the city and suburbs may be viewed. Upon leaving here, turn to the right, and five minutes' walk through the small reserve adjoining and down Edward street will bring you to the corner of Queen street. Cost of trip, 1d. Time occupied, about 1 hour.

6. Take the Toowong tram from the corner of George and Adelaide streets, opposite Railway Offices, to terminus; ascend the steps on the right-hand side of Woodstock road, and from the hill a grand birdseye view of city is obtained; return to city again from the terminus. One Day Trips.

One Tree Hill (Mount Coot-tha), 4 miles by tram, motor-car, taxi-cab, &c., from corner of George and Adelaide streets, opposite Railway Offices. A splendid panorama of the city and surrounding country and mountains can be obtained from here. Take Toowong tram to the corner of Wool and Dean streets, and then a short walk to the summit. Taxi-cabs, &c., can be arranged for. (See also special folder on "Mount Coot-tha" issued by this Bureau.)

Mount Gravatt (671 ft.), 6 miles from Intelligence and Tourist Bureau. A delightful health and pleasure resort. Tram to Fiveways (Woolloongabba), thence omnibus, or taxi-cabs, &c., can be arranged for from city, or take the Greenslopes' tram to the corner of Logan and Chatsworth roads, thence along Logan road for a short distance until a sign-board on the right of the road indicates the location of Mount Gravatt Reserve. A well-made road, of easy gradient, enables pedestrians or vehicular traffic to make the ascent to the summit with ease and comfort in about fifteen minutes. Near the entrance to the reserve there is a kiosk, where refreshments can be obtained at all hours, and in the large shelter-shed on the summit of Mount Gravatt refreshments can also be obtained. The following is the omnibus service to and from Mount Gravatt to the Fiveways (Woolloongabba):—Leaves Fiveways (Woolloongabba) daily at 8.10 a.m., 11.45 a.m., 3.20 p.m., 5.20 p.m.; leaves Mount Gravatt daily at 7.5 a.m., 9.25 a.m., 2.30 p.m., 4.30 p.m. Fridays: Leaves Fiveways (Woolloongabba) at 10 p.m. Saturdays: Leaves Fiveways (Woolloongabba) at 8.10 a.m., 12.45 p.m., 5.30 p.m., 11.30 p.m.; leaves Mount Gravatt at 7.5 a.m., 9.25 a.m., 4.30 p.m., 6.30 p.m. Sundays: Leaves Fiveways (Woolloongabba) at 11 a.m.; leaves Mount Gravatt at 5.30 p.m. Fare by omnibus, 6d. each way. The Mount Gravatt Reserve comprises 292 acres, and is vested in trustees, who supervise the expenditure of the grant voted annually by the Government. Mount Gravatt possesses many attractions for the tourist, scientist, naturalist, botanist, and geologist. Among the rocks and in the gullies within the reserve there is a wealth of native flora, and the music of the birds as they flit about in reckless abandon gives a harmonious setting to the scene. The composition of the Mount is of solid quartzite, with shale at the base. On the eastern slope of the Mount there is a large cave, which is much frequented by bats. The interior of the cave has a water-worn appearance, thus strengthening the supposition that large flows of water from higher levels, finding a vent in the rocks, gradually forced a large passage through the side of the Mount. At the entrance the cave is dome-shaped, while a short distance within there is a solid mound of cementlike formation. The walls and roof of the cave are composed of solid concrete, with several vent-holes in the roof. For a distance of about fifty yards the cave can be explored with ease and comfort, but further explorations, through devious tunnels, can only be accomplished by crawling. From the shelter-shed on the summit

a most comprehensive panoramic view of all points of the compass can be obtained. In a northerly direction can be seen the city of Brisbane, together with seven distinct glimpses of the river in its serpentine course, Pine Mountain, White's Hill, Nudgee and its farms, Sandgate, Moreton Bay, Woody Point, Redcliffe, Bribie Island and Bribie Passage, the Glasshouse Mountains, and the D'Aguilar Range. Looking easterly the following places can be discerned in the order mentioned:—Belmont, Rochedale, Mounts Petrie and Cotton, stretches of agricultural areas, Wynnum and Wellington Point (on the fringe of the sea), then Moreton Bay and its islands—Fisherman, Green, St. Helena, Moreton, Mud, and Stradbroke. The view

VIEW OF THE BRISBANE RIVER FROM DUTTON PARK, SOUTH BRISBANE.

unfolded in a southerly direction comprises:—Logan Village, Oxenford, Coomera, Tambourine Mountain, Beenleigh, Lamington Plateau, and the McPherson Range, with Mounts Warning and Danger standing out boldly against the skyline. Westerly the points of interest which can be clearly picked out are:—Milton, Rosalie, Toowong, Mount Coot-tha (One Tree Hill), Taylor's Range, Indooroopilly, Oxley, Ipswich, Pine Mountain, and the Great Dividing Range and its many lofty peaks, &c. Conspicuous among these are:—Cunningham's Gap, Mounts Mitchell, Cordeaux, Barney, and Flinders Peak.

White's Hill, 6 miles by motor-car, taxi-cab, &c., from Intelligence and Tourist Bureau; or take tram-car to Greenslopes (3d.),

CONTROL OF TRAFFIC.

Under the provisions of "*The Traffic Acts of 1905 and 1910-16*," the exclusive control of Traffic passed into the hands of the Police within certain areas, constituted by Order in Council.

The Metropolitan Traffic District comprises the cities of Brisbane and South Brisbane; the towns of Sandgate, Ithaca, Toowong, Hamilton, and Windsor; and the Shires of Taringa, portion of Indooroopilly, Coorparoo, Stephens, and that portion of Balmoral west of Bulimba Creek. Under this Act very extensive powers are conferred on the Commissioner of Police for the enforcement of Regulations for the effective control of general vehicular and pedestrian traffic, the temporary closure of streets, as occasion may require, and the diversion of traffic, or any particular class of traffic, from any street, the holding and regulating of processions or public meetings in the District. Very ample powers are also vested in the Commissioner of Police for the adoption of Regulations pertaining to the licensing and regulating of public vehicles and the drivers and conductors thereof, embracing tramway traffic, and for the punishment of persons offending against the Regulations. Sub-Inspector Brosnan is the Superintendent of Traffic, whose special duty is the supervision of the Police in the enforcement of the Traffic Acts and the Regulations thereunder. Any communication relating to traffic matters should be addressed to this officer, in care of the Police Department, Traffic Office, Elizabeth street.
